

Kauai

Workforce Investment Board

compiled by Kao Bradford January – March 2014 Quarterly Report

General Summary

- KWIB Presentation Meeting with Dwight Takamine was held at Kauai Community College on January 9th 2014. Approximately 20-25 Members and guests were present. George Costa, Director for the County of Kauai Office of Economic Development gave a presentation on a 5th Option. Discussion on alternative methods and recourses were on table. Legislative information to Kauai representative may assist with the processing at State level.
- Continuous meeting with Kauai Community College Rural Development Representative, Mahea Yamashita proved to be beneficial for students and WDD. Certificate of completion courses were developed to help with distance learning. WDD could finally assist with recruit for these programs that were approved by the KWIB Board.
- Meeting with Kauai Community College Vice-chancellor Jim Dire to discuss the possibility of editing and revisions of the KUMU A'o ETP Website. Coordinator and collaborations to follow. Later meetings with other departments helped to create a workshop with Eric Butler at the Office of Continuing Education.
- ANA Grant Writing Workshop was offered by Kauai Community College with over 100 participants from the community.
- The Mayor's Community Re-Integration Committee and the KWIB Consortium Committee members collaborated in creating Excel Worksheets with Social Services activities to assist exiting prisoners from Kauai Community Correctional Center (KCCC). The checklists consists of contact information of "main Navigators" in the community, resource listing for food bank sources and where to go for hot meals, Clothing, basic toiletries, free bus passes and more. Arrangements were made with KCCC personnel to review exiters needs- 6 months before leaving the system. System started 01/01/2014.

- Met with Consortium Committee members to review the Prisoner Checklists. Revisions and changes are made regularly to update information. The checklist was shared with Ted Sakai, State Director for Public Safety. Checklist review is ongoing. Special funding from the State department of Public Safety should help fund a Coordinator position to help with this effort.
- The 10th Annual Wellnesss EXPO and the Native Hawaiian Maui Ola Health & Wellness Symposium. Brought in numerous community participants. Both Leialoha Sanchez and WIA Administrator, Kaeo Bradford participated and guest speakers for the event.
- The 100th Anniversary Queen Liliuokalani Legacy Presentation began at Hanapepe library and went to Princeville Library before finally ending at the Lihue State Library. Approximately 300 people in the community attended this 3-day event. Youth Council Chair, Leialoha Sanchez was one of the Facilitators for the 3 community events and translated literature in Native Hawaiian Language as needed.
- BIO Mass Plant preparations for recruitment and a Job Fair at Kauai Community College well extremely well with over 200 applicants turning out to apply for 39 positions. The college training program was paid for by the Green LLC Company.
- Mayor's TV Show – Sponsored by Local Television aired on 02/20, featured hot topics such as Hospitality & Tourism, Energy/Sustainability, and Workforce Investment & Development. the ½ hour show reaches the island population of approximately 68,000 people.
- Youth Council started research and planning on a grant application for the Dept. of Education Native Hawaiian Education Grant. The grant was turned in electronically on Easter Sunday. Information still pending on the grant results. According to County Lobbyists, possibly end of August or beginning of September we may get news on the results.
- A Job Fair at the Kukui Grove Shopping Center with the WDD staff was very beneficial. Numerous people participated as new retailers: Sports Authority and Pier `1 will be opening soon at the Mall. Hundreds of people lined up to apply for 200 jobs.
- Kauai High School had a "Mock Interview" Activity for High School Juniors. About 300 students participated in this event. Businesses all over the island came in as volunteers to review students.

- A Casting Call for the Jerassic World Movie took place at Kauai Commenity College where over 1000 people stood in line to sign up for a part in the movie. KCC Intern Bricen Cabalteja participated in helping to round up people that day.
- The National Association of Workforce Board – NAWB Forum 2014 took place again in Washington DC. It was well received and very helpful for me as I was helping the Youth Council with their Grant application. More than 3000 people participated in the Conference that lasted 5 days. A visit to Hawaii State Representatives offices at the State Capital was a wonderful experience

www.hiwi.org

The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation $f(x) = \sum_{n=0}^{\infty} a_n x^n$, where $a_n = \frac{1}{n!}$. It is shown that $f(x)$ is an entire function and that $f(x) = e^x$. The second part of the paper is devoted to the study of the properties of the function $g(x)$ defined by the equation $g(x) = \sum_{n=0}^{\infty} b_n x^n$, where $b_n = \frac{1}{n!}$. It is shown that $g(x)$ is an entire function and that $g(x) = e^x$.

The third part of the paper is devoted to the study of the properties of the function $h(x)$ defined by the equation $h(x) = \sum_{n=0}^{\infty} c_n x^n$, where $c_n = \frac{1}{n!}$. It is shown that $h(x)$ is an entire function and that $h(x) = e^x$. The fourth part of the paper is devoted to the study of the properties of the function $k(x)$ defined by the equation $k(x) = \sum_{n=0}^{\infty} d_n x^n$, where $d_n = \frac{1}{n!}$. It is shown that $k(x)$ is an entire function and that $k(x) = e^x$.

The fifth part of the paper is devoted to the study of the properties of the function $l(x)$ defined by the equation $l(x) = \sum_{n=0}^{\infty} e_n x^n$, where $e_n = \frac{1}{n!}$. It is shown that $l(x)$ is an entire function and that $l(x) = e^x$.

The sixth part of the paper is devoted to the study of the properties of the function $m(x)$ defined by the equation $m(x) = \sum_{n=0}^{\infty} f_n x^n$, where $f_n = \frac{1}{n!}$. It is shown that $m(x)$ is an entire function and that $m(x) = e^x$. The seventh part of the paper is devoted to the study of the properties of the function $n(x)$ defined by the equation $n(x) = \sum_{n=0}^{\infty} g_n x^n$, where $g_n = \frac{1}{n!}$. It is shown that $n(x)$ is an entire function and that $n(x) = e^x$. The eighth part of the paper is devoted to the study of the properties of the function $o(x)$ defined by the equation $o(x) = \sum_{n=0}^{\infty} h_n x^n$, where $h_n = \frac{1}{n!}$. It is shown that $o(x)$ is an entire function and that $o(x) = e^x$.

WIA DW - Quarterly Report January to March 2014		
Performance Items	Program Group	
	WIA Dislocated Workers	WIA ADULT
Total Participants	52	50
Total Enrolled	13	5
Total Exiters	17	6
Placement in Employment or Education	12	10

WIA Dislocated Worker Program

At the first quarter of the year, enrollment for WIA DW Program was consistent with three participants per month and month of March with higher enrollment due to training in Kauai Community College's (KCC) iCAN courses, computer courses, Green Energy (Biomass) Training and Work Experience.

There are 6 participants who are enrolled at KCC taking long term courses. These courses include: Accounting, Nursing, Facilities Engineering Tech (FENG), and Automotive Mechanics Tech. There is one participant in the Nursing Program who will be graduating in May 2014.

VIP Program: Two participants interning with the same employer: Sepideh, Inc. dba Rutan Refrigeration. Their internships were three weeks long. After the VIP Program, they were both enrolled in the NEG DWT OJT (National Emergency Grant Dislocated Worker Training, On the Job Training) for the Office Assistant position. One participant ended early due to full time employment.

WIA Adult Program

Being the first quarter of the year, enrollment for WIA AD Program was five participants with one enrolling in Green Energy Biomass training in April. There are 8 participants who are enrolled at KCC taking short/long term courses. These include Culinary Arts, Excel, QuickBooks and five in C.N.A.

WDD staff toured the Green Energy Biomass Plant on March 7, 2014. WDD Staff also participated in a mini Job Fair held at Kukui Grove Shopping Center on March 9th. The job fair introduced two new stores: Pier 1 Imports and Sports Authority opening in May. Approximately 200 jobs were advertised at the Mall. WDD staff participated in Mock Interviews for Kauai High School Juniors on March 11, 2014.

PY 13 About Face Quarterly Report #3 January 1, 2014 – March 31, 2014

This is the third quarter report for PY 13. We have been trying to put together an In-School class at Kauai High School. Acting Principal, Penny Vess has been very supportive and is providing a classroom for us. So far we have not had enough referrals to start class, so am changing my plan to a Summer and Fall In-School Class. In February we enrolled 4 new participants for a Kapa`a Out of School class. The next class will be in Waimea at the Neighborhood Center. We have had a lot of support and referrals from the West Side Community including Principal Mahina Anguay and her staff.

Mikela is a graduate of our Kapa`a class, is a young mother and has already enrolled at McKinley Community School for Adults for Competency Based Classes. She wants to be an accountant and if KCC is still offering the accelerated program, she plans to enroll. Mikela has an analytical mind and shows a talent for numbers.

Rachel is also one our Kapa`a young moms and she works two jobs to help

support her daughter along with her boyfriend, who is a former participant of About Face and is working full time. Rachel would like to become a nurse. She is already caring for all the people around her, so it seems like a natural progression.

Tisha has made a big move in her life and is currently living in Arizona. She in process of registering for a GED Program there and is also enrolling in Beauty School. She is doing a good job of staying in touch with us. She was our resident "Fashionista" so we think she might be making a good choice.

Real Time Data

Total Participants =44; Active = 36; Follow Up = 8

Out-of-School: 21 total Out-of-School Participants. 6 Graduates and 1 in College. Of the 6 not enrolled in school, 4 have already graduated high school.

In-School: 22 total In-School Participants. 7 have graduated high school. 6 are enrolled in college, and 14 are still in high school.

Placement: 13 are Employed; 7 Attending College

Attainment of Degree or Certificate: 13 Graduates; OS = 6; IS = 7

Literacy/Numeracy Gains: 16 out of 23 OS Participants who are BSD

PY 13 About Face Quarterly Report #3 January 1, 2014 – March 31, 2014

Understanding How WIA Federal Reporting is Gathered

1. Total Participants are counted when the date of 1st service is less than or equal to the end of the reporting period and the exit date is greater than or equal to the beginning of the report period or there is no exit date. (New, plus Carried-Over participants).
2. Total Exiters: All participants exited during the reporting period.
3. Current Quarter: This is the most recent quarter of outcomes data available for the APPLICABLE PERFORMANCE ITEM within the 4 quarter reporting period. Coverage dates vary according to measure. See time periods in attached Appendix A.
4. Cumulative 4th Quarter Report Period: This is the most recent 4 quarters of outcome data available for the APPLICABLE PERFORMANCE ITEM. Coverage dates are different for each measure. See time periods in attached Appendix A.
5. Placement in Employment or Education: *This measure is only for those not employed, in post-secondary or in training at the date of enrollment.* In the 1st Quarter after the participant's exit, everyone who is employed, in training, in the military or in post secondary education, divided by everyone who exited during the quarter.
6. Attainment of Degree or Certificate: *This is for anyone who was ever enrolled in education at any point before or during the program.* At the end of the participant's 3rd quarter after exit, all who have obtained a diploma, certificate, or GED, divided by, the number of participants who exited during the quarter.
7. Literacy and Numeracy Gains: *This measure is only for Out-of-School, Basic Skills Deficient participants. An Educational Functional Level is not a grade level. An EFL may be as high as three grade levels.* The number of participants who increase one or more EFLs divided by the number of participants who have completed 1 year in the program or who exited before completing 1 year.
